## SYNOPSIS

His name isn't 'Yuck!' or 'Ew!', it's Stevie, the world's grumpiest slug. It's time for slime.

Being called rude names by humans has made slug Stevie super-grumpy, so his mum sends him to Slug Self-Esteem Class. Stevie discovers why he and his slimy kin are actually kind of amazing: they can regrow bits of themselves, their slime is liquid crystal and their climbing skills are better than Spiderman.

The first in this series about creatures humans often try to squash!

## ABOUT THE CREATOR

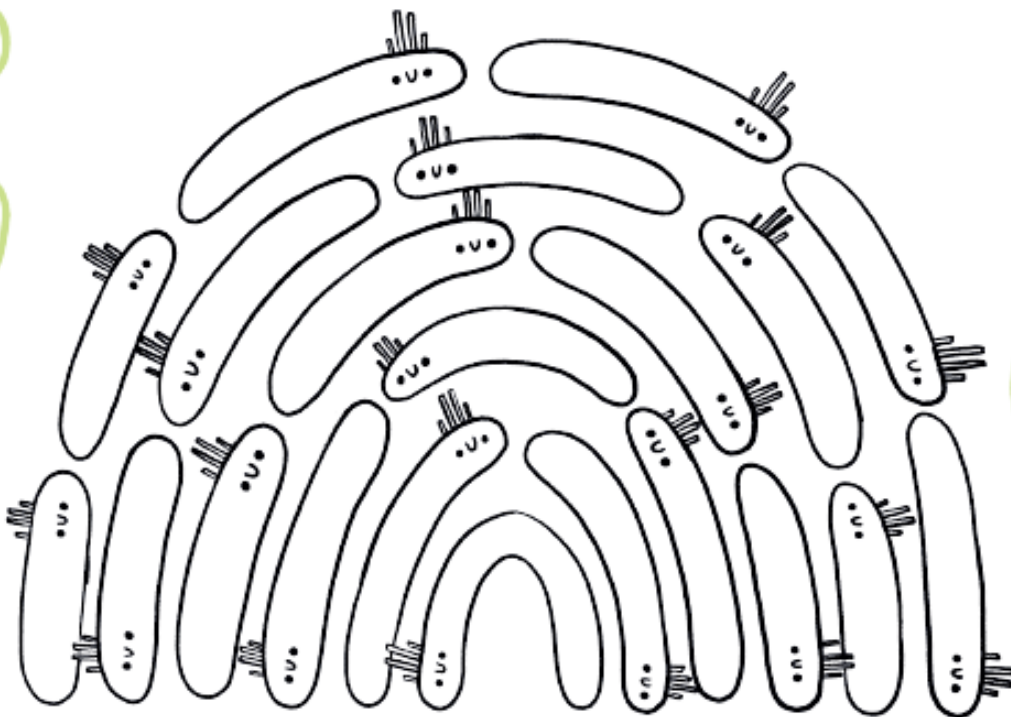

Moesha is a London-based illustrator with a love of the great outdoors. She can often be found, tote bag in hand, with her sketchbook and a handful of drawing tools rattling around inside, and possibly a pencil in her hair. Drawing inspiration from her childhood in Somerset, her love of nature, people watching and exploring the outdoors, many of her illustrations contain a playful use of shapes, colours and characters, with humour often in the details. *Slug Life* is her first book.
